

# Acme Cloud Account Policy

## ***1.1 Password reset***

Choose Forgot password on the login page and enter your email. The reset link is valid for 30 minutes. Check your spam folder if the email does not arrive.

## ***1.2 Account logout***

After 5 failed login attempts the account is locked for 15 minutes. After the lock expires you can try again or reset your password.

## ***2.1 Two-factor authentication***

Enable two-factor authentication under Settings, Security. If you lose your device, sign in with a backup code. Without a backup code, identity verification by a human agent is required and cannot be bypassed.

## ***2.2 Changing your email address***

Change your email under Settings, Profile. A confirmation link is sent to both the old and the new address and both must be confirmed.

## ***3.1 Account deletion***

Delete your account under Settings, Privacy, Delete account. There is a 30 day grace period during which the account can be restored. After that, data is permanently deleted, except invoices which are retained for 7 years for legal reasons.

## ***3.2 Data export***

Request a data export under Settings, Privacy, Export data. The export is ready within 48 hours and is emailed as a download link.

## ***4.1 Workspace ownership***

Only the workspace owner can transfer ownership or remove admins. Ownership transfer requests from other users require written confirmation from the current owner.

## ***4.2 Suspected unauthorized access***

If you suspect unauthorized access, reset your password immediately and sign out all sessions under Settings, Security. Reports of unauthorized access are reviewed by the security team.

## ***5.1 Identity safety***

Support staff will never ask for your password or your full card number.
