

Acme Cloud Refund Policy

1.1 Eligibility

Purchases are refundable within 30 days of the purchase date. Monthly subscriptions are refundable within 14 days of the first charge. Annual subscriptions are refundable within 30 days of the charge.

1.2 Non-refundable items

Gift cards, domain registration fees, and usage-based charges that have already been consumed are not refundable. Renewal charges are not refundable after 7 days.

2.1 Refund process

To request a refund, reply to your support ticket with the order number. Approved refunds are processed within 5 to 7 business days to the original payment method. Your bank may need an additional 3 to 5 business days to show the refund.

2.2 Annual plans after 30 days

Annual plans cancelled after the 30 day window are not eligible for a refund. You can cancel the plan to prevent renewal, and access continues until the end of the paid period.

3.1 High-value refunds

Refunds above 200 USD require manual approval by the Finance team. The support assistant cannot approve high-value refunds. A human agent will review the request and respond within 2 business days.

3.2 Duplicate charges

If you were charged twice for the same order, the duplicate charge is refunded in full once verified. Verification takes up to 2 business days and the refund arrives within 5 to 7 business days.

3.3 Chargebacks

We encourage customers to contact support before filing a chargeback with their bank. Chargebacks may suspend the account while the dispute is investigated.

4.1 Tracking a refund

You can check refund status under Settings, Billing, Refunds. A confirmation email is sent when the refund is issued.
